

Do you possess this 2% success mindset?

Are you content with where you are in life—personally and professionally?

Many people state they are not, and by the time they hit 50, ask themselves, “Is this all there is?” They quickly realize they’ve wasted their first 50 years of life.

So the big question is, what will you do with your remaining 30, 40, or 50 years? That’s a long time to build and live the life of YOUR dreams—not someone else’s!

Are you going to be like the 98% who remain in their comfort zone and regret what could have been? Or will join the remaining 2% to pursue your own opportunities and abundance?

If you are ready for something new, then you’ll want to attend the **Encore Entrepreneur Roundtable!**

Join us **Thursday, August 30, 2018**, from 4:30 to 6:30 PM at the Fairview Heights Municipal Building in the Recreation Room. Our address is:

10025 Bunkum Road,
Fairview Heights, IL 62208

We’ve gathered resources and business growth specialists to answer the questions that will open up the doors to living the life of your design.

Use this link to register today: <https://conta.cc/2uPMjtQ> or call Kristen Edens at 314-856-5747 for more information.

And if that isn’t enough motivation to attend, consider this: According to the UK-based business development company, CMI, entrepreneurs over age 50 have a 70% chance of success compared to their millennial counterparts.

With all this working in your favor, plus our free roundtable, what have you got to lose?

Cheers to your best years,

The Encore Entrepreneur Development Team
